Benefits Cost Containment Panel Discussion

Date: Thursday, September 20, 2007 (11:30 AM - 2:00 PM)

Contact Name: Meaghan Barnett

Contact Email: meaghan.barnett@ogletreedeakins.com

Contact Phone: 404.870.1727

Meeting Location:

103 West Restaurant

103 West Paces Ferry Road

(2 blocks west of Peachtree Road)

Did you know that Disease Management and Wellness Plans can help to significantly reduce health care plan costs?

Please join us for a round table discussion regarding ways to help your company decrease health plans costs while helping your employees to better life and health. By implementing the ideas you will learn, you can make changes within your company to help your employees (and your boss) be happier and healthier.

Please help make the discussion even more valuable by emailing your questions for the panel in advance to WEB Atlanta President Mark Raymond at mraymond@mbservices.net

Our panelists will be:

Norman Meullen, VP of Sales at MBS. Norman has been in the employee benefit arena for 30+ years and his expert knowledge provides Human Resource Managers tools for cost reductions and employee services which benefit both the employers and employees.

Robbie Burlas, VP Health Navigators: Robbie has been in the employee benefit arena for over 20 years. His firm, Health Navigators has been providing employers throughout the country the ability to pinpoint potential high claims and significantly reduce the potential of these claims.

Our sponsor this month is Great-West. Atlanta WEB is ever so grateful for their support!
